University Safety and Security Meeting

June 16, 2016
Agenda

- Introduction of all Committee Members  
  Round Robin

- UNC-CH Workers Compensation Program Overview  
  Mary Crabtree

- Zika Preparedness  
  Mary Beth Koza

- Tabletop and Security Update  
  Derek Kemp & Jeff McCracken
  - UCLA and Orlando aftermath
2015 Workers’ Compensation

Judy Culhane Faubert
Dr. Ron Strauss
Dr. David Weber
Christopher Payne
Cathy Brennan
Aravinda M Desilva
Darius Dixon
Sally Hoyt

Elizabeth Ann Barnum
Julie S Byerley
Martha Christine Carlough
Gena Carter
Dr. Mary Margaret Covington
Dan Eisenman
Dr. James Hill
Joe Canady
Jane Calloway
Paul Pogge
Dr. Sylvia Becker-Dreps
Actions to date

February 2016

• Assemble Team
• Create Zika Virus Preparedness informational website http://ehs.unc.edu/emergency/disease/zika/
• Partner with Global Travel to assure travel warning are available to all international travelers
  http://global.unc.edu/travel-info/state-department-travel-warnings/
• Attend the UNC virology seminar on Zika
February – May 2016

- Support our UNC-CH researchers in development of SOP’s for working safely with Zika

May 2016

- Participate in CDC Hosts Zika Action Plan Teleconferences Series
- Development of Mosquito Prevention – Report Standing Water form on main Zika informational web page
Upcoming Actions:
May – June 2016

• Identification of all UNC-CH employees who are outdoor workers and assure their training on self protection.
• Updated Q&A on Zika
• Link Zika Virus Preparedness informational website to Alert Carolina
• Development of informational email to Campus on Zika
• Campus Event with DHHS – June 30th, 2016
All students and staff traveling out of country need to register on the UNC Global Travel registry page. [http://globalhealth.unc.edu/resources/international-travel-information-and-policies/](http://globalhealth.unc.edu/resources/international-travel-information-and-policies/)

This page has the latest warning and restrictions. [http://global.unc.edu/travel-info/state-department-travel-warnings/](http://global.unc.edu/travel-info/state-department-travel-warnings/)

Campus Health has the International Travel clinic whose goal is the ensure that all UNC travelers are prepared with appropriate health and security information. [https://campushealth.unc.edu/services/international-travel-clinic](https://campushealth.unc.edu/services/international-travel-clinic)

Attendees

Members Present: Gena Carter, Beverly Errede, Matt Hawkins, David Kaufman, Derek Kemp, Mary Beth Koza, Christopher Payne

Members Absent: Lorraine Alexander, Doug Cyr, Judy Faubert, Craig Fletcher, Jeff McCracken, Paul Pogge, Michael Rolleri, Cindy Taylor, Anna Wu

Guests: Cathy Brennan, Mary Crabtree
Meeting Notes

1. Tabletop and Security Update

2. Kemp gave an overview of May 11th tabletop armed gunman exercise. The tabletop exercise focused on recovery so senior leadership could exercise how to manage after a major incident occurs. The full scale exercise is not scheduled yet but the team is looking at late summer or early Fall.

In terms of security, the UCLA and Orlando incidents have led us to look internally on how we would respond. One issue out of UCLA was barricades in buildings and whether more are needed on campus for sheltering in place. Phase one of the camera project to start and the cameras will be clearly marked and advertised so people are aware they have been installed. Finally, we are hiring additional officers in DPS, the new One-Button for Alert Carolina which will reduce time for campus messaging is installed and a siren test will commence next Thursday.
UNC-CH Workers Compensation Program Overview –

Serious cases went down in 2015 but still not as low as previous years. Total cost for WC holding steady near 2.2 million. University fund contributes to the Workers Compensation fund not the state. Cost is not only medical and leave benefits but also includes clinchers (closing cases). The highest incident types included: falls, slips and trips, strains, and miscellaneous Blood Borne Pathogens (i.e. needle-sticks, splash, etc.).

Zika Preparedness – The University will be hosting a campus event regarding Zika Preparedness with DHHS on Thursday, June 30th. An informational email will go out to campus regarding the event.
Tabletop and Security Update

An overview of May 11\textsuperscript{th} tabletop armed gunman exercise was provided. The full-scale exercise is not scheduled yet but the team is looking at late summer or early Fall. In terms of security, the UCLA and Orlando incidents have led us to look internally on how we would respond. One issue out of UCLA was the need for barricades in buildings, which support sheltering in place but delay or create concerns with rescue.

Phase one of the camera project is to start and the cameras will be clearly marked and advertised so people are aware of them. The University will be hiring additional officers in DPS, the new One-Button for Alert Carolina which will reduce time for campus messaging is installed and a siren test will commence June 23\textsuperscript{rd}, 2016.
