

MINUTES
OCCUPATIONAL HEALTH and CLINICAL SAFETY COMMITTEE
December 14, 2017

Members Present: Matthew Hawkins, Annetta Streater, Martin Folliard, John Sledge, Michelle Camarena, Ryan Meeham, Faith Burks, Benny Burton, Debra Bergman, Lynn Farrar

1. Review and approval of minutes from August 10, 2017 meeting.
2. Committee reviewed rosters for committee membership for Occupational Health and Clinical Safety Committee and Clinical Occupational Exposure Subcommittee for Students. Michelle Camarena to provide updated list for 2017-2018 subcommittee.
3. Matt Hawkins provided update on School of Medicine Influenza policy compliance for the 2017-2018 season. The School of Medicine realized an 80% compliance for non-clinical personnel and a 99.2% achievement for credentialed providers. No substitutions were made for non-compliance.
4. Martin Folliard, Department of Clinical Affairs, School of Dentistry provided an update on the integration of student tracking with Environment Health and Safety system. Mr. Folliard outlines that the integration must provide the following:
 - a. Tracking safety training
 - b. HIPPA compliance
 - c. Security awareness
 - d. Internal Medical Emergency training
 - e. Consolidation of records
5. Discussion concerning migration of School of Medicine training requirements for credentialed personnel to a single gatekeeper. Group is currently waiting on feedback from healthcare.
6. Activity outlined for discussion from subcommittee:
 - a. Vaccination requirements for Tetanus
 - b. Need to capture Health and Safety data on Bloodborne Pathogen exposures
 - c. Influenza data and compliance

Committee further agreed that the communication for the subcommittee must contain standard language. Lastly, it was noted that Dr. Weber's resource concerning Yellow Fever and travel immunization was available at Campus Health Services.

7. Updates from the University Safety and Security Committee:
 - a. Asbestos awareness and removal efforts campus wide. Presented by Dale Link
8. D. Bergman provided overview of injury statistics in general and bloodborne pathogen exposures.

Next meeting scheduled for March 22, 2018 at 1:00 pm

Meeting adjourned at 2:20 pm
