

Pollution Prevention Guidelines

Water and Food Prep Waste

- ◆ Don't pour wastewater (from cooking, steamer trays, water baths, or dishwashing), or food prep waste onto the ground or into storm drains.
- ◆ NEVER drain water tanks to the outside. This includes clean water and gray (waste) water.
- ◆ Check that tank caps and valves are closed to prevent leaks to the outside.

Used Cooking Oil and Grease

- ◆ Used cooking oil and grease must be stored inside the vehicle.
- ◆ NEVER pour cooking oil or grease down a storm drain or onto the ground.

Mop Water and Cleaning Chemicals

- ◆ NEVER pour mop water or any cleaning chemical down a storm drain or onto the ground.

Questions? Need help cleaning up a spill?

- ◆ Call EHS at (919) 962-5507
