

Kenan Stadium Pressure-Washing Pollution Prevention Guidelines

All storm drains on UNC's campus connect directly to local streams

Cooking grease spilling into a storm drain

Pollution goes through the storm drain system and enters streams

Grease in a campus stream after a home football game

Pressure-Washing Stadium and Concourse

- ◆ Clean up litter, food waste, debris, etc. prior to pressure-washing to keep these substances out of storm drains.
- ◆ Use only plain water when pressure-washing.
- ◆ If chemicals (bleach, detergent, degreaser, etc.) are used, collect the wastewater and take offsite for disposal.

Pressure-Washing Concessions Stands

- ◆ Grease particles stick to roofs over concession stands with grease vents.
- ◆ When washing concessions stands with grease vents, collect the wastewater to keep greasy water out of storm drains.
- ◆ When pressure-washing floors of concessions stands with cooking stations, collect the wastewater and take offsite for disposal.

Questions?

- ◆ **Game Day:** Call the UNC Department of Public Safety at (919) 962-8100
- ◆ **Weekdays:** Call EHS at (919) 962-5507
